

RECENTLY OPENED . . . Frank Curry, owner, and Marvin Berk, general manager, have opened a Fiat automobile agency at 841 W. Anaheim St., Wilmington. The new agency, Harbour Imports, will feature complete parts and service departments for all makes of imported cars. Both Curry and Berk have been in the imported car business in the Long Beach area for several years.

McCarthy Petitions Circulate

Members of the McCarthy for President Committee of the 17th Congressional District have voted to join the Californians for an Alternative in November in their efforts to secure a place for Sen. Eugene McCarthy on the November ballot.

The Committee will circulate petitions through the 50 neighborhood headquarters already setup and will have tables in shopping centers,

theater lobbies, and other community centers.

A total of 330,000 signatures are needed by Sept. 21 to nominate a slate of electors pledged to Senator McCarthy. No change in party affiliation is required to support this effort.

"We are not organizing a new party," John Barton, chairman of the committee said. "We are not running candidates for other offices, although we will support

those candidates sharing the views of Senator McCarthy. This is primarily an effort to widen the Presidential choice before the voters of California."

Registered voters desiring either to sign or obtain petitions to circulate should contact the Torrance headquarters at 2368 Torrance Blvd.

Prisoner Work Projects Save Money For County

Prisoners in county detention camps are helping to earn their own keep.

In a recent report to the Board of Supervisors, Sheriff Peter J. Pitchess pointed out that during a three-period, prisoner manpower saved the county \$777,421.

The Los Angeles County Sheriff Department's inmate manpower utilization program not only saves dollars, but also serves as a rehabilitation tool. These men are trained to work with the County Fire Department as firefighters and with the

County Road Department building and maintaining roads and highways.

Enrollment Up

Enrollment in public elementary and secondary schools increased 20.7 per cent from 1960 to 1967 and is expected to rise 6.2 per cent by 1975. Private school enrollment, on the other hand, increased by 16.9 per cent from 1960 to 1967, with only a 2.9 per cent rise forecast to 1975.

The Mail Ego

By Terrence O'Flaherty

"How long have the Lenon Sisters been on the Lawrence Welk Show?"

I was under the impression they were born there but the record indicates they made their first appearance on Christmas Eve 1955, full grown, and became regular performers a month later.

"Several years ago I was impressed with the French star Yves Montand. What has become of him?"

He returned to France for movie roles. His next Hollywood part will be opposite Barbara Streisand in "On a Clear Day You Can See Forever" which starts filming soon.

"Was Jayne Mansfield's estate ever settled?"

Only partly. She was survived by five children from three marriages but left no will for the distribution of an estate valued at \$400,000.

Howison Is Bond Chairman

Bank of America Manager Harry S. Howison has been named Gardena community chairman for the United States Savings Bonds Division of the Department of the Treasury.

Announcement was made by State Savings Bond Director W. C. Eller, who said in making the announcement:

"With sales goals of \$411 million in California this year, leadership is extremely important.

"Mr. Howison, who is manager of the Bank of America branch at 1400 W. Redondo Beach Blvd. in Gardena, has the community leadership we need.

"He is a member of the Rotary Club, having served as president and vice president, and is a member of the Long Beach Chapter 94 of the Society of Real Estate Appraisers. He has served as treasurer of the Society for nine years.

"Savings Bonds, now paying 4 1/2 per cent and the Freedom Notes paying 5 per cent, bought in combination with Savings Bonds, provide systematic thrift. This means a better economic future for the Savings Bonds buyer and his family. It also enriches the community and helps to strengthen the dollar."

Her 28-room home on Sunset Blvd. was sold this month for \$180,000 including furniture and clothing.

"The Xerox summer television series on Negro history called 'Of Black America' has been excellent. I hope that the sponsor has been widely complimented for it."

Xerox received 1,063 favorable letters and 150 unfavorable, but the highest compliment of all came from the Imperial Wizard of the Klu Klux Klan. He removed all the Xerox machines from Klan headquarters!

"Is D. W. Griffith, Hollywood's first great director, still living?"

Only on film. He died in 1948 at the age of 68, leaving hardly a ripple in a movie colony which had largely forgotten him.

"Is it true that Cary Grant is anti-TV?"

Not exactly. He never appears on it in person but he likes to make money from his old movies when they're on the air. He's suing Warner Brothers right now for receipts from a TV showing of "Indiscreet."

"Who gave my Little Old New York the terrible nickname of 'Fun City'?"

It's part of a recent advertising campaign launched under Mayor John Lindsay to attract tourists which has caused Milton Berle to comment: "If you walk through a park in Fun City at night you may die laughing . . ."

"What is responsible for the anti-cigarette commercials on radio and television these days?"

Last year the Federal Communications Commission ruled that the commercials FOR cigarettes were controversial enough to merit a rebuttal time under the FCC's "fairness doctrine." The anti-tobacco commercials are done by some of the top people in the business. This fall NBC will allot one minute for them on each of four weekly shows.

"Who has been managing The Beatles since the death of Brian Epstein?"

He has never been replaced but their public relations are being handled by his former assistant, Wally Hensen, from the Saville Roy headquarters of "Apple Corps," the new name for their corporate enterprises.
